- 2 I think that the county should put a moratorium on street closure in pony until the road committee has completed it's work and maybe forever. We need to look forward to sewer, power, water possibilities and not close off all potential right of ways.
- 3 Pave upper Broadway past bank, dust control on streets, enforce speed limit of 25 mph - 15 would be better. Speed bumps? No building w/survey - a 10-15' set back from edge of road. People in Pony are not happy with the massive cost of materials & labor spent on installing Willow street with NO PUBLIC RECORD OF APPROVAL or Public Review

- 9 -
- 10 My main concern is keeping options available for utility easements.
- 11 see note under question 10
- 12 Maintenance of existing streets and the school bus routes

- 20 The county placed a slow children playing sign heading west on Broadway between Pony street and Mallory. This doesn't slow anyone down. Motorcycles and ATV's try and see how fast they can go from Pony Street to the old Mill and the same on their return. In addition to being unsafe, it also creates a lot of dust and noise. I'd suggest putting a 25 mph sign like the one on the other side of town and oiling the street as far as the old mill.

- 27 Frank Keyes built his house in an alleyway.
- 28 If it an't broke, don't fix it

38 Quit closing roads! Closing roads is a short sited satisfaction for a few property owners, but what will the long term ramifications be a 100 or so years in the future when things like sewer lines, etc. will need to go through these same areas.

39 -

40 Hanley should be raised in the center & crowned for drainage

41 please do not pave streets. Just leave things the way they are. It is only a few who are grumbling

42 not sure at this time

46 Van Bergen cutoff is very rough where intersecting Adkins Lane

47 New roads being built & old roads not being taken care of.
